2011 Rose' of Pinot Noir

The Wine

This estate grown dry rose's acidity is well balanced by the strawberry and cherry notes that express Stony Point Vineyard so well. The luxuriant mouthfeel and crisp finish make this a wonderful wine for summer afternoon sipping or for pairing with your favorite foods year-round.

The Vineyard

Stony Point Vineyard is located in a particularly cool area of the famed Sonoma Coast winegrowing region. Situated on the northern edge of the Petaluma Wind Gap and less than sixteen miles from the coastline the vines are influenced by the Pacific Ocean daily. This cool climate creates a low-yielding slow-ripening environment that is perfect for Pinot Noir.

The Facts

Cases produced: **26 cases**
